## SIZE AND CONFIGURATIONS

## SILL OPTIONS

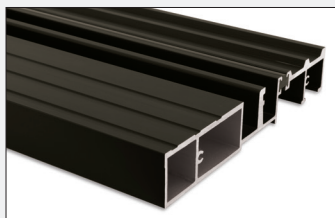

Performance Sill  
(Interior wood liner option)

Performance Sill  
(Exterior)

Floor Channel Sill

Low Profile Sill

### Performance Sill

The performance sill is made of durable, thermal efficient fiber reinforced polyurethane. Interior liner choices may be personalized with painted aluminum to match the sill color, or with a wood interior veneer in Oak, Cherry or Mahogany.

### Floor Channel Sill

The Floor Channel sill, designed for interior use, is available in Bronze or Beige and is a recessed option to maximize finished flooring and minimize the appearance of a sill track.

### Low Profile Sill

The Low Profile sill, intended for minimal environmental exposure, is available in Bronze and Clear Anodized Aluminum. It includes a thermal break and may be recessed.

## SCREEN OPTIONS

### SCENIC DOOR ULTIMATE SLIDING SCREEN

- Beautiful, sleek interior screen to complement the door
- Flat screen to maximize the view without distraction
- High quality option backed by Marvin's standard warranty

#### Bi-Parting Screens

- Two screens with two pull bars
- Max Size: 24 feet wide by 10 feet high

#### Uni-Directional Screens

- Max Size: 12 feet wide by 10 feet high
- One screen with one pull bar available in left or right

## HARDWARE

### INTERIOR FOLDING PANEL HANDLE

The new interior folding panel handle features a minimalist design that smoothly operates folding panels with a 90 degree twist and latches at the head and sill.
